

Building Your Container

Notice where you are right now. Are you sitting? Standing? What do you feel beneath you? This is grounding.

1. When I feel unsafe, my body responds by (clenching, numbing, fleeing, freezing).

.....

.....

.....

.....

2. Three things that help me feel grounded are:

-
-
-

3. I know I have left my window of tolerance when I notice in my body.

.....

.....

.....

.....

4. My commitment to myself during shadow work is:

.....

.....

.....
